PROFESSIONAL SUMMARY

A motivated Junior Full Stack Developer with a background in data collection and a strong foundation in modern web technologies. Experienced in building responsive web applications using HTML, CSS, JavaScript, React, and Node.js. A collaborative team player with leadership skills, passionate about delivering clean, scalable code and continuously learning new technologies.

WORK EXPERIENCE

Junior Full Stack Developer

Freelance / Personal Projects | 2025 – Present

- Built responsive web applications using React.js and Node.js.
- Designed and integrated RESTful APIs connecting front-end and back-end systems.
- Managed databases using MongoDB / MySQL for dynamic web projects.
- Deployed applications to cloud platforms (Netlify / Vercel / Heroku).
- Collaborated with team members using Git and GitHub version control.

Data Collector

Techno Park, Eastern University of Sri Lanka (EUSL)

- Collected and managed structured datasets with high accuracy.
- Led team coordination efforts to ensure timely delivery of data tasks.

EDUCATION

Undergraduate / Academic Studies

Eastern University of Sri Lanka (EUSL), Batticaloa

Full Stack Web Development Certification

Online Learning Platform (e.g. Udemy / freeCodeCamp / Coursera)

SKILLS
